Item 4 – Advisory Services

A. Firm Information

True Vision MN LLC (“True Vision” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission. The Advisor is organized as a Limited Liability Company (LLC) under the laws of the State of Minnesota. True Vision was founded in January 2019 and is owned and operated by Darin Pilacinski (Founder and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by True Vision.

B. Advisory Services Offered

True Vision offers investment advisory services to individuals, high net worth individuals, trusts, and estates (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. True Vision's fiduciary commitment is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

True Vision provides wealth management services for its Clients. These services generally include a broad range of comprehensive financial planning in connection with discretionary investment management of Client portfolios. These services are described below.

Investment Management Services

True Vision provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management services. True Vision works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. True Vision will then construct an investment portfolio, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”), individual stocks, bonds, and independent managers to meet the needs of its Clients. The Advisor may retain a Client's legacy investments based on portfolio fit and/or tax considerations.

True Vision's investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. True Vision will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

True Vision evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. True Vision may recommend, on occasion, redistributing investment allocations to diversify the portfolio. True Vision may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement.

True Vision may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will True Vision accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Participant Account Management- As part of the Advisor's Investment Management Services, when appropriate, the Advisor will use a third party platform to facilitate management of held away assets such as defined contribution

plan participant accounts, with discretion. The platform allows the Advisor to avoid being considered to have custody of Client funds since the Advisor does not have direct access to Client log-in credentials to affect trades. The Advisor is not affiliated with the platform in any way and do not receive compensation from them for using their platform. A link will be provided to the Client allowing them to connect an account(s) to the platform. Once Client account(s) is connected to the platform, the Advisor will review the current account allocations. When deemed necessary, the Advisor will rebalance the account considering client investment goals and risk tolerance, and changes in allocations will take into account current economic and market trends. The goal is to improve account performance over time, minimize loss during difficult markets, and manage internal fees that harm account performance. Client account(s) will be reviewed at least quarterly and allocation changes will be made as deemed necessary.

Retirement Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client’s best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g., commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Financial Planning Services

True Vision will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, personal financial planning, estate planning, college planning, capital management, investment consulting, tax planning, and insurance needs.

A financial plan developed for the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings or contribute to charitable giving programs.

True Vision, with consent by the Client, will typically coordinate with the Client’s existing specialists including an accountant, attorney, and others. True Vision may also refer a Client to a specialist as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client’s financial situation, observations, and recommendations.

Financial planning recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Use of Independent Managers

True Vision will recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) for all or a portion of a Client’s investment portfolio. In such instances, the Client may be required to authorize and enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. The Advisor may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers’ strategies and target allocations remain aligned with

its clients' investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

C. Client Account Management

Prior to engaging True Vision to provide investment advisory services, each Client is required to enter into an agreement with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – True Vision, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – True Vision will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – True Vision will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – True Vision will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

True Vision includes securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the True Vision Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own securities transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2023, True Vision manages approximately \$200,014,043 in assets under management, all of which are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Investment advisory fees are paid quarterly in advance pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees range from 0.30% to 1.50% annually based on several factors, including: the scope and complexity of the services to be provided; the level of assets to be managed; and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee. The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by True Vision will be independently valued by the Custodian. The Advisor will conduct periodic reviews of the Custodian's valuation to ensure accurate billing.

The Client may make additions or withdrawals from the account[s] at any time, subject to the Advisor's right to terminate an account or the overall relationship. Additions may be in cash or securities provided that the Advisor reserves the right

to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to True Vision, subject to the usual and customary securities settlement procedures. However, the Advisor typically designs its investment portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. True Vision may consult the Client about certain implications of such transactions. Clients are advised that when such securities are liquidated, they may be subject to securities transaction fees, short-term redemption fees, and/or tax ramifications. If assets in excess of \$10,000 are deposited into or withdrawn from the Client's account[s], the Advisor's fee will be adjusted in the next billing period to reflect the fee difference. The Advisor, at its sole discretion, will negotiate a fee that differs from the schedule above for certain account[s] or holdings.

Use of Independent Managers

For Clients accounts implemented through an Independent Manager, the Client's fee will be deducted from the Client's account[s] with the respective Independent Manager and a portion of the fee will be provided to True Vision based on True Vision's agreement with the Client. True Vision is responsible for negotiating the fees with the Independent Manager on behalf of the Client. True Vision does not receive any compensation or fees from the Independent Manager.

Financial Planning Services

True Vision offers financial planning services for a fixed initial engagement fee, and then hourly fees for subsequent meetings. Initial fixed fees range from \$2,500 to \$5,000. Hourly fees range from \$285 to \$500 per hour. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and/or total costs will be provided to the Client prior to engaging for these services.

B. Fee Billing

Wealth Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with True Vision at the end of the prior quarter. Proration is used for deposits or withdrawals above the \$10,000 threshold. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients provide written authorization permitting advisory fees to be deducted by True Vision to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Clients accounts implemented through an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] with the respective manager and a portion of the investment advisory fee may be provided to True Vision.

Financial Planning Services

Financial planning fees are invoiced by the Advisor and are due upon completion of the agreed upon deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. The Advisor includes securities transactions costs as part of its overall investment advisory fee through the True Vision Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. as well as Appendix 1 – Wrap Fee Program Brochure

In addition, all fees paid to True Vision for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of True Vision, but would not receive the services provided by True Vision which are designed, among other things, to assist the Client

in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by True Vision to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

True Vision may be compensated for its investment management services in advance of the quarter in which services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

If a Client should wish to terminate their relationship with the Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and that Independent Manager. True Vision will assist the Client with the termination and transition as appropriate.

Financial Planning Services

True Vision is compensated for its financial planning services upon completion of the engagement deliverable[s]. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the contractual hourly rate or in the case of a fixed fee engagement, the percentage of the engagement scope completed by the Advisor. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

True Vision does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Broker-Dealer Affiliation

Certain Advisory Persons of the Advisor are also registered representatives of LPL Financial LLC ("LPL Financial"), a securities broker-dealer, and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). In one's separate capacity as a registered representative of LPL Financial, an Advisory Person implements securities transactions under LPL Financial and not through the Advisor. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate and in addition to the Advisor's advisory fees. This practice presents a conflict of interest because Advisory Persons who are registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. The Advisor mitigates this conflict in two ways. First, Clients always have the right to choose whether or not to purchase securities products through an Advisory Person. Second, the Advisor will not charge an ongoing investment advisory fee on any assets implemented in one's separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Insurance Agency Affiliation

Certain Advisory Persons are also licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to advisory fees. This practice presents a conflict of interest because Advisory Persons who are also insurance agents have an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on a Client's needs.

However, to mitigate this conflict, Clients always have the right to choose whether or not to purchase insurance products through any person affiliated with the Advisor. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

True Vision does not charge performance-based fees for its investment advisory services. The fees charged by True Vision are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

True Vision does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

True Vision offers investment advisory services to individuals, high net worth individuals, trusts, and estates. True Vision generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

True Vision primarily employs a fundamental, technical, and cyclical analysis methods in developing investment strategies for its Clients. Research and analysis from True Vision are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that True Vision will be able to accurately predict such a reoccurrence.

Cyclical analysis is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that True Vision is recommending. The risks with cyclical analysis are similar to those of technical analysis.

As noted above, True Vision generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. True Vision will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, True Vision may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

True Vision MN LLC

Phone: 612-256-2208 * Fax: 612-200-3809

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. True Vision will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss

these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving True Vision or its owner. True Vision values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 322783.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As mentioned in Item 5.E above, certain Advisory Persons are also a registered representative of LPL Financial. In their separate capacity as registered representatives, Advisory Persons will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any services implemented in an Advisory Person's separate capacity as a registered representative.

Insurance Agency Affiliation

As mentioned in Item 5.E above, certain Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with the Advisor. As an insurance professional, an Advisory Person receives customary commissions and other related revenues from the various insurance companies whose products are sold. An Advisory Person is not required to offer the products of any insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

Use of Independent Managers

As noted in Item 4, the Advisor may implement all or a portion of a Client's investment portfolio with one or more Independent Managers. The Advisor does not receive any compensation, nor does this present a material conflict of interest. The Advisor will only earn its investment advisory fee as described in Item 5.A.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

True Vision has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with True Vision ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. True Vision and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of True Vision's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at 612-256-2208 or via email at dpilacinski@truevisionadv.com.

B. Personal Trading with Material Interest

True Vision allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. True Vision does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. True Vision does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

True Vision allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by True Vision requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While True Vision allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will True Vision, or any Supervised Person of True Vision, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

True Vision does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize True Vision to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, True Vision does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where True Vision does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by True Vision. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. True Vision may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices.

True Vision will generally recommend that Clients establish their account[s] at LPL Financial LLC ("LPL") and Charles Schwab & Co., Inc. ("Schwab"), FINRA-registered broker-dealers and members SIPC. LPL or Schwab will serve as the Client's "qualified custodian". True Vision maintains an institutional relationship with LPL and Schwab, whereby the Advisor receives economic benefits. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **True Vision does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.**

2. Brokerage Referrals - True Vision does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where True Vision will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded

within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). True Vision will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. True Vision will execute its transactions through the Custodian as authorized by the Client. True Vision may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Darin Pilacinski, Chief Compliance Officer of True Vision. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify True Vision if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by True Vision

True Vision is a fee-based advisory firm, that is compensated solely by its Clients and not from any investment product. True Vision does not receive commissions or other compensation from product sponsors, broker-dealers or any unrelated third party. True Vision may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, True Vision may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform - Schwab

True Vision has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like True Vision. As a registered investment

advisor participating on the Schwab Advisor Services platform, True Vision receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back-office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services to True Vision that may not benefit the Client, including: educational conferences and events, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. True Vision believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Participation in Institutional Advisor Platform - LPL

The Advisor has established an institutional relationship with LPL Financial to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with LPL Financial. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor may receive the following benefits from LPL Financial: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Compensation for Client Referrals

True Vision does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

True Vision does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct True Vision to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by True Vision to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

True Vision generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by True Vision. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by True Vision will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

True Vision does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither True Vision, nor its management, have any adverse financial situations that would reasonably impair the ability of True Vision to meet all obligations to its Clients. Neither True Vision, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. True Vision is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$500 or more for services to be performed six months or more in the future.

Item 4 – Services Fees and Compensation

A. Services

True Vision provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the True Vision Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting True Vision as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, True Vision includes, in addition to custodial, securities transaction fees, other management costs and expenses (herein “Covered Costs”) as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor’s recommended Custodian does not charge securities transaction fees for exchange-traded fund (“ETF”) and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. The Advisor sponsors the True Vision Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of Covered Costs into a single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the True Vision Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on True Vision’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by True Vision are offered in a wrap fee structure whereby Covered Costs are included in the overall investment advisory fee paid to True Vision. As the level of activity in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the Covered Costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity or other Covered Costs. A Wrap Fee structure presents a conflict of interest as the Advisor is incentivized to limit the number of trades placed in the Client’s account[s] or to utilize securities that do not have transaction fees. As noted above, the Advisor’s recommended Custodian does not charge securities transaction fees for ETF and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. As such, the Advisor is incentivized to utilize ETFs and other equity securities to limit the overall cost to the Advisor. The Advisor will only place Client assets into a Wrap Fee Program when it is believed to be in the Client’s best interest. Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.

C. Fees

Wealth Management Services

Investment advisory fees are paid quarterly in advance pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees range from 0.30% to 1.50% annually based on several factors, including: the scope and complexity of the services to be provided; the level of assets to be managed; and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by True Vision will be independently valued by the Custodian. The Advisor will conduct periodic reviews of the Custodian’s valuation to ensure accurate billing.

The Client may make additions or withdrawals from the account[s] at any time, subject to the Advisor’s right to terminate an account or the overall relationship. Additions may be in cash or securities provided that the Advisor reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client’s account[s]. Clients may withdraw account assets on notice to True Vision, subject to the usual and customary securities settlement procedures. However, the Advisor typically designs its investment portfolios as long-term investments and the withdrawal of assets

may impair the achievement of a Client's investment objectives. True Vision may consult the Client about certain implications of such transactions. Clients are advised that when such securities are liquidated, they may be subject to securities transaction fees, short-term redemption fees, and/or tax ramifications. If assets in excess of \$10,000 are deposited into or withdrawn from the Client's account[s], the Advisor's fee will be adjusted in the next billing period to reflect the fee difference. The Advisor, at its sole discretion, will negotiate a fee that differs from the schedule above for certain account[s] or holdings.

As noted above, the Wrap Fee Program includes Covered Costs incurred in connection with the discretionary investment management services provided by True Vision, as part of its overall investment advisory fee.

In addition, all fees paid to True Vision for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. Securities transaction fees for Client-directed trades will be charged back to the Client. In connection with the discretionary investment management services provided by True Vision, the Client will incur other costs assessed by the Custodian or other third parties, other than the Covered Costs noted above, such as wire transfer fees, fees for trades executed away from the Custodian and other fees such as transfer taxes, odd-lot differentials, certificate delivery fees, reorganization fees, and other fees required by law. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by True Vision to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

True Vision is the sponsor and portfolio manager of this Wrap Fee Program. True Vision receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Covered Costs associated with the management of the Client's account[s].

Item 5 – Account Requirements and Types of Clients

True Vision offers comprehensive wealth management services to individuals, high net worth individuals, trusts, and estates. True Vision generally does not impose a minimum account size for establishing a relationship. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

True Vision serves as sponsor and as portfolio manager for the services under this Wrap Fee Program.

Related Persons

True Vision personnel serve as portfolio managers for this Wrap Fee Program. True Vision does not serve as a portfolio manager for any third-party Wrap Fee Programs.

Performance-Based Fees

True Vision does not charge performance-based fees for its investment advisory services. The fees charged by True Vision are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Supervised Persons

True Vision Advisory Persons serve as portfolio managers for all accounts, including the services described in this Wrap Fee Program Brochure. Details of the advisory services provided are included in Item 4.A. of the Disclosure Brochure.

Methods of Analysis

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. True Vision will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

True Vision does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of that custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services to True Vision that may not benefit the Client, including: educational conferences and events, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. True Vision believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Participation in Institutional Advisor Platform - LPL

The Advisor has established an institutional relationship with LPL Financial to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with LPL Financial. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor may receive the following benefits from LPL Financial: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and

The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care.
